How it really works... **your voice matters!**

This March Issue of our newsletter will be done a bit faster for a couple of reasons. 1) Our VP Greg McFarland has exceeded all members' expectations with the website that we now have. Before I can get a newsletter written he has already posted Blogs and Photos of all we have done in the past month. And 2) tomorrow my beautiful partner in life Joan and I are leaving for Florida to make last minute preparations (she will) for our youngest daughter Jamie's wedding... the first wedding in our family. Time has caught up with me here it seems in more than one place? For the next two weeks I get to take time off for such with the week following the wedding devoted to seeing "Friends in the Sport" from all over the world in both New Smyrna Beach and Eustis areas.

It is fresh on my mind at this time to talk with all of you about what it means to be a part of this Chapter and The AMCA. It is an honor to be your President and I will try my best always to serve you.

All Presidents whether at the Chapter or National level are at the service of their respective Boards and all Boards are at the service of their members.

As a member you pay annual dues to belong to our Chapter as well as pay the annual dues to belong to the

AMCA. You have many value added benefits to belonging to both. The most powerful benefit however is that you have a voice. This upcoming week The AMCA has Board Meeting in Florida. A representative of our Chapter is always assigned to attend such AMCA board meetings to observe, listen and ensure that the current actions of this governing body are in fact a good representation of our membership and others worldwide. Other Chapters send representatives for their organizations as well.

The AMCA has had many challenges in the past few years. We all remember when the organization was split into a Foundation separate from the former singular AMCA organization. There was much strife and concern during those days. The boards since have had to try to pick up the pieces, try to quiet down the loud voices from our 10,000+ strong membership and get on with the business at hand of rebuilding the AMCA in some instances. And I believe that they have done a good job for the better part of this uncomfortable task.

My point here is that no one group, no one person, not even the President of The AMCA, is above the tenants and laws of what it means to be a part of this 60 year old organization that is supposed to continue our sport into the

future so further generations can understand the history, the people who created that history and all the wonderful machines that they rode to make that history. All of us who serve you are empowered only to further the sport and none of us should allow our position to go to our head and think we have the power to rule. We only have the power to represent our members in a respectful manner always.

I want each of you to know that it is your obligation to be knowledgeable, to read the board minutes of our Chapter, the minutes of our National Board in the AMCA magazine, and to be involved by communicating to your board what you want heard at the national meetings. If you do not tell us what you feel, we cannot represent such to the national board.

I am proud of all our Cherokee members past and present, for we have grown 3X our original size in one year, have a renewed enthusiasm for who we are, what we can do, are having more events in more areas of our three state territory and have improved communication between ourselves and our Sister Chapters nearby

For The Love of The Sport

Greg McFarland
gmcfarland@chargerllc.com

From the VP... Where can we go from here?

I wish to illustrate to all our members that technology and exchange of information is at a far faster pace now than ever before. For this reason I am constantly looking at ways to improve our website and offer a wider array of Blog topics to suit the wider array of tastes of an ever growing number of members in our fast growing Cherokee Chapter.

I enjoy this diversion from my normal everyday routine and as always I just enjoy these

old bikes and all the fine people who own them, care for them and more importantly ride them. This makes my task of keeping the information on the website fresh and relative to what our members will want to read when they log on at home.

As time passes in the future we may wish to consider such social media venues as Facebook, Instagram or whatever "the new thing" is when we decide we need to step it up in the future. But

we will not do so until our members suggest and insist we consider such. ***The membership is what makes our Chapter what it is*** and as you're VP I do listen and then provide what you want.

Make sure that if you have any photos from the past, a recent event you attended or a story to tell that I get it from you to post on our website. This keeps the Cherokee Chapter Website as Your Website.

See You On The Road!
Greg

From Our Chapter Secretary... All is Good!

Since the last issue we have been busy. The Corporate Binder for our Chapter was graciously provided by our outgoing Treasure Marian Guerin who maintained it for many decades and we have been updating its content on a couple of things necessary to stay in compliance with State of Texas laws relative to our Charter as a non-profit corporation. The laws do change from time to time in this country and our Chapter is registered in Texas even though we also represent Oklahoma and Arkansas.

Our By Laws also need a bit of touching up for the same purposes and I am busy checking any changes in laws to ensure we are in total compliance with these as well.

Since I have served many civic and professional organizations in my career and personal life, accepting this position was something that fit who I am and the shared love of old bikes that my husband Butch and I enjoy. I really love handling all the duties of a Chapter Secretary and am still thrilled I was nominated and elected last December. I will not let you down.

Butch and I love to plan each journey with our old motorcycles and spend time with all the friends we have made all across America while doing so.

Rest assured, it looks like another Great Year in Our Sport! *Emily*

JoAnn Kugle, Treasurer
jakugle@austin.rr.com

From our Chapter Treasurer . . .

Hi. Spring is coming and there is just always so much to do.

Since last month we have changed our corporate Chapter address to my home so that we can get all banking statements, and communications from the IRS, the State of Texas and other matters.

We have changed our banking relationship to a local bank just down the road from my home for more ease of use as well as to save our Chapter some extra dollars each month on fees we used to pay at Wells Fargo. My husband and I have banked with this bank for our business and personal use for many years and they are giving us a deal for moving our checking account and deposits to them.

Yea... we save some more of your hard earned money.

I also am very busy with some additional members help organizing the pre-registrations for the upcoming Texas National Road Run. We will have Pre-Registration packets already prepared prior to the event so there will be no last minute rush at Kerrville to do so. I am happy to announce that all pre-registrations will be in alphabetized order on tables at the event so participants can easily say their name, sign a release form, show us their proof of insurance and take their packet and unload their gear and bikes.

All people whom register at the event will do so at a separate

table so as to expedite those whom registered in advance.

We will also have additional T-Shirts on display for sale until they run out as well as area information on sites, museums, restaurants and places of interest to visit.

The Registration Room also serves as our Hospitality Room throughout the event for information, a help desk and signage showing whom our sponsors are and general phone numbers for our Road Run Team Members if someone is looking for assistance on any matter.

I have been told that we are being very detailed, but as a retired school teacher, I guess that's just the way I like to do things.

It will be a Great Event!

Oklahoma City Bike Show Was a Success...

Dwight Rinner, Director
drinner65flh@cox.net

The Oklahoma City Bike Show was a huge success again in 2014.

As you all know last year was the first time that The Cherokee Chapter attended this event. My local "buddy in biking" Lyle Henry and I always had a small booth with The Blimey Limeys and a Harley or Two Club (BLHOT) but become acquainted with Shelby Withrow and met Steve Klein, Joe Burch, and many, many other Cherokee Chapter members last year at the show. ***Lyle and I joined the Cherokee Chapter right there at the show and the rest is history.*** This year we had an over 200 ft. long row of motorcycles that spanned from a 1908 Thor single to 1965 Harleys at the other end. Harleys, Indians, BSA, Triumph, Excelsior, Flying Merkel, Honda and many other brands were all on display in chronological

order of age so the general public who bought tickets to the show were able to see a progression of the sport from its earliest beginnings to the mid 60's. It was quite a sight to see and was over 60 feet longer than last year's row.

Plus Mike and Buck Carson of Carson Classic Motors traveled all the way from the Houston area with their Cannonball Race trailer and their two Cannonball race bikes. The race trailer was opened up so the public could go through the trailer and see what it takes to support a Cannonball Race bike from coast to coast. Simply put it was an entire machine shop and pit crew trailer stocked with everything imaginable. Mike Bell, Scott Byrd, Greg McFarland, and Jon Neuman also brought their Cannonball Race bikes that will

participate in this year's Cannonball from Florida to Washington State covering over 4,200+ miles. The Cannonball display was a big hit with attendees and Buck played a Cannonball DVD of the past race on a flat screen TV both days of the show. How often does the American public get to see so many Cannonball Race bikes in one location? Thank You All!

I believe we won something like 23 or 24 Trophies throughout our club including Best Display, Many Best of Show in many classes of bikes, many First Place and Second Place for classes of bikes etc... It seemed that our members were always going up to get trophies.

This is what our sport is about. ***Sharing the bikes, the history and then getting new members.*** I can't wait till next year!

Dwight

Membership First...

Shelby Withrow, Director
Membership & Events
ShelbyinParadise@wccs.net

As Director of Membership and Events, I do not have to try real hard to stay busy in this sport.

We just completed our annual effort in Oklahoma City as Dwight referenced in trying to attract even more Oklahoma riders and enthusiasts to become AMCA and Cherokee Chapter members. We had over 200 feet of motorcycles on one side of an aisle and another partial side on the other side, plus the Carson Classic Motors Cannonball trailer on display. Being Valentine's Day weekend I believe the overall attendance may have been down a bit but the enthusiasm for our Cherokee Chapter / AMCA Booth Display was certainly not. I can tell you that **hundreds of people who attended last year came again and told me they sure hoped that we would be there again.** This proves to all non-AMCA event promoters that the Vintage Motorcycle Movement does create excitement and causes people to come to these shows.

To paint another picture about the excitement level of this Chapter, I am proud to announce that over 35 Cherokee Chapter members traveled from distances ranging from 300 – 500+ miles just to show support for our Chapter and also to help us attract new members. A parking lot across the side street from the show building was completely full of just Cherokee Chapter RV's, trucks and trailers, plus our Chapter semi. All awnings were down, generators running and cute little rugs outside each front

door. It is a bit humbling that that many people would travel so far just to be with their Chapter and help us spread the word about the AMCA, and our Cherokee Chapter and help recruit.

I am very proud at the high number of brand new and very recent members who traveled this far with their trailers and machines to attend their first ever event with our Chapter.

This is why our enthusiasm level is so exciting in our Chapter. We have a constant level of new people joining our club with a wider variety of bikes and they are ready to be members, help us work our booths and show their bikes.

We all ate together family style each evening after the show thanks to Director Dwight Rinner from OKC. *Do you realize how hard it is to reserve room for 35 people on Valentines Weekend!*

Then all these tired bodies have to tear down booths, load bikes, roll up camp all after 5:00 pm on a Sunday and drive the 300-500+ miles to get home again.

That's Commitment to the Vintage Sport!

This week Gloria, Richard and I travel to Florida for 3 weeks of Motorcycle Heaven. Make sure you support and attend all you can from March 7th through the 15th. The range of venues include the Vintage Motorcycle Alliance Swap Meet and Bike Show in Eustis, The AMCA Meet in New Smyrna and a multitude of activities from racing, bike

shows, and the various street scenes and daytime and night time activities throughout the Daytona Beach area during Bike Week. Just call your Friends in the Sport and they will all be down there.

In **April** we hold our Texas National Road Run which is an AMCA Event the 14,15,16. If you are not registered yet, don't miss this event. Many believe it is one of the best in America and the first chance many AMCA Riders can get the frost off their pipes and ride the most beautiful roads in Texas and what many still call the Last of The Old West. Our Road Run Team headed by Jon Neuman and Greg Nelson has done a splendid job planning and organizing.

May brings us to our Annual **Smithville Bike Show and Swap Meet** which I believe is still one of the **Best Little Shows in Texas.** See you there on May 10th and 11th. The entire RV campground behind the Bike Show Pavilion is filled up with only our members. Each evening we have a bonfire, circle the lawn chairs and enjoy each other's fellowship.

We have much to be thankful for being members of the Cherokee Chapter and the AMCA and much yet to do.

Please enjoy our club and Stay in Touch!

Shelby

Texas National Road Run... It's Time to REGISTER NOW to Thaw Out and **Attend? Brrrr.....**

The Cherokee Chapter is proud to Host a National Road Run in 2014. We only get this opportunity every three years so turn in your vacation time at work and Plan Now To Attend NOW!?

www.CherokeeAMCA.org has all the info you need to plan, register, and reserve a room or RV / Campground space.

The YO Ranch Resort Hotel Complex in **Kerrville TX** is our central location and all contact info is on our website. This is a new location and a beautiful place to hold a National Road Run. The resort is fully complimented with a great restaurant for breakfast or supper each day. We have a large, beautiful

Hospitality Room reserved for arrivals, picking up your registration sack as well as being a place to have coffee, meet friends or seek help or info during the event.

The same exact three day road run routes are being used as the last National Road Run. **Day One** will be remain as north through the Historic Germanic settlement and city of Fredericksburg TX and through the Willow City Loop. With rainfall finally reaching us this year, the crop of wildflowers and Texas Bluebonnets are sure to be extra spectacular this spring. We then go South to the little Spot in the road made famous

by Willie, Whalen and The Boys called Luckenbach TX for a mid-day BBQ and some good country music in the outdoor stage area.

Day 2&3 Routes are South & West towards the High Texas Hill Country near and around Leakey TX known locally as The Three Twisted Sisters area for its three beautiful scenic, twisty roads that cover many miles and offer scenic panoramic vistas,

Wednesday night will conclude with an Awards Banquet for all attendees. Make plans, call your riding buddies and make your pre-registration arrangements right now.

So leave the dreary
arctic cold behind you....

We are all very proud of this new website and know the convenience to our members will be appreciated.

We All Thank You Greg!

Who We Are . . .

The Cherokee Chapter of The Antique Motorcycle Club of America was formed for the purpose of enjoying old motorcycles. We accomplish this through local member organized events in and around Texas, Oklahoma and Arkansas. Our members own, study, preserve, restore

or just appreciate vintage motorcycles that are at least 35 years or older. Often our members also study and collect all forms of vintage motorcycle art, literature, clothing and memorabilia related to these vintage machines. If you have an old bike or just have an interest

in learning more about these magnificent machines and the wonderful history of our great sport, please visit our website and also contact us about membership, road runs, bike shows and other club activities.

We Welcome You!
